

Samsung CLP-775ND Color Laser Printer

Superior color through superior technology.

### A Fast, High-Capacity Color Laser Printer in a Compact Size

The perception of your work is influenced by the quality of its presentation. Present your work in the most professional light possible with the Samsung CLP-775ND color laser printer. A sturdy workgroup printer, the reliable CLP-775ND boasts a 120,000-page monthly duty cycle, high max input capacity of up to 1,600 pages (with two optional 500-page cassettes) and fast print speeds of up to 35 ppm. And with Samsung ReCP technology, your prints will be sharper, more brilliant and more professional than ever. **Business. Innovated.**

#### Superior Color Technology

Samsung ReCP technology gives you better, sharper color through precise color trapping, composite color reduction, edge resolution enhancement and negative edge sharpening.

#### Print Large Documents Quickly

A 600MHz dual core processor and 384MB standard memory enables the CLP-775ND to easily handle large jobs and complex graphics. Memory can be upgraded to 896MB to increase performance even more.

#### Upgraded Paper Handling

Add up to two 500-sheet cassettes, and you get a total capacity of 1,600 sheets, with paper handling of up to 59 lbs.

#### Fast Printing

Print in either black or full color at speeds up to 35 ppm for less down time.

#### Shared Connectivity

With built-in networking and optional wireless, it's easy to share the printer with your entire workgroup. And with the Samsung Mobile Print App, you can print directly from your Android, iOS or Windows mobile device without complicated drivers or external servers.

#### Safe and Secure

Your information is always kept safe, with built-in PIN printing capability as well as full encryption and secure overwrite for the optional hard disk.
